

Vision

“Students excelling in Academics, Arts, Athletics, and Academies.”

Mission

“To provide a challenging standards-based curriculum in a safe, supportive environment that encourages creative expression and exploration of life options and that prepares students from all backgrounds to become productive and responsible members of society.”

Responsible Individuals who...

- Accept responsibility and consequences for their own actions.
- Respect themselves, authority, and others.
- Resolve personal and group conflicts through positive actions.
- Practice tolerance toward others in a diverse society.

Expressive Communicators who...

- Effectively express ideas through speaking, writing, and the arts.
- Receive and interpret ideas through listening and reading.
- Practice positive and socially acceptable interpersonal skills.

Builders and Planners who...

- Set and achieve realistic goals.
- Participate in the career exploration process.
- Identify and develop their own creative talents.
- Prepare to enter the job market, trade school, college or military service.

Effective Producers who...

- Work independently and collectively to complete a task within accepted norms and guidelines.
- Display a strong work ethic.
- Adapt in a responsive and positive manner to change.

Literate individuals who...

- Demonstrate competency in reading, writing, and math throughout all content areas.
- Demonstrate the ability to think critically, analyze, and solve problems.
- Demonstrate a basic knowledge of computers and other technologies.

Students Excelling in...

- Academics, Arts, Athletics, and Academies.
